District Governor's Message

“The Future of Rotary is in Your Hands”

This theme of our RI President John Kenny resounds throughout the Rotary world and is most meaningful at this time.

With world economic tensions, hunger and the challenges we all have each day, Rotary plays such an important role in our lives and those of others.

Indeed, we as Rotarians can take the Rotary spirit in our hands and help eliminate polio, provide potable water as well as better world understanding with our GSE and Ambassadorial Scholarships.

All of these are made possible with contributions through The Rotary Foundation which provides matching grants and scholarships to help make a better world.

And only by increasing the number of “hands” through membership which in turn provide the dollars to achieve our goals, can Rotary survive.

Yes, the future of Rotary (and the world!) is in your hands! Help us by working toward our District 6820 goals.

Chuck Jordan
District Governor 2009–10

District 6820 Foundation

Our district foundation, currently known as the 6820 Foundation, was started during the 1940's. Its general purpose is to provide financial support for district projects with a special emphasis on helping smaller clubs. The 6820 Foundation is governed by ten trustees, nine serving three-year staggered terms plus the current district governor. This foundation operates as an endowment with projects being supported only with income earned during the Rotary year preceding the current rotary year.

* Deceased

Until 1956, the State of Mississippi was divided in two parts. The southern part was in the District with Louisiana to the south and west, and the northern part was in the District with Tennessee to the north. Past District Governors from current District 6820 who served the District in the north, shown above as District 6800, or the District in the south and west, shown above as District 6840, are also listed. On July 1, 1956, the current boundaries of District 6820 were established and we have had our own District Governors since then.

EFFECTIVE CLUB

An effective Rotary Club is one that can:

1. Sustain and/or grow its membership base;
2. Implement successful service projects that address the needs of the community;
3. Support the Rotary Foundation through both program participation and financial contributions; and
4. Develop leaders capable of serving Rotary beyond the club level.

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST. The development of acquaintance as an opportunity of service;

SECOND. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

THIRD. The application of the ideal of service in each Rotarian's personal, business, and community life;

FOURTH. The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.
